

Accounting & Financial Management

Emphasis: Finance

About this program

The Master of Accounting and Financial Management (MAFM) program emphasizes coursework - taught from the practitioner's perspective. Students pursuing this program will explore topics such as accounting, auditing standards and financial accuracy. This program is ideal for students interested in developing the skills necessary for a career transition to the field of accounting or finance.

The Finance emphasis includes career-focused coursework designed to provide students with exposure to a variety of topics within the finance industry needed for effective business planning. Students pursuing this emphasis will explore topics such as finance, financial management, and financial analysis.

Career opportunities

Graduates of the Master of Accounting and Financial Management program with a Finance emphasis from DeVry University's Keller Graduate School of Management may consider, but are not limited to, the following careers:

- Budget Analyst
- Budget Director
- Financial Analyst
- Financial Manager

Quick facts

Accreditation matters

The Master of Accounting and Financial Management program is accredited by the Accreditation Council for Business Schools and Programs (ACBSP, <https://acbsp.org/>), demonstrating it has met standards of business education that promote teaching excellence¹.

¹Conferral and assessment data is available for all DeVry and Keller ACBSP accredited programs. For a full list of our ACBSP accredited programs, visit our [Accreditation page](#).

Accelerate on your schedule

Accelerated schedule²

1 year 4 months

Average 10 credits per semester

OR

Normal schedule³

2 year 2 months

Average 6 credits per semester

Choose the schedule that best fits your goals and commitments. You can earn your **Master's Degree** in as few as **1 year and 4 months**. Or, follow a normal schedule and complete your program in 2 years and 2 months.

²Accelerated time to complete assumes completion of 4 semesters, enrollment in an average of 10 credit hours per semester and continuous, full-time year-round enrollment with no breaks per 12-month period.

³Normal time does not include breaks and assumes 7 semesters of year round, full-time enrollment in an average of 6 credit hours per semester per 12-month period.
